TANGO FANDANGO

The HOUSE of ARGENTINE TANGO

The London Argentine Tango School was created by Leonardo and Tracey to define their teaching methodology. They are the first professional Argentine Tango Teachers in the UK to define their Teaching style and produce a comprehensive teaching syllabus and book - the ABC of Argentine Tango - for the improvisational artform of the Argentine Tango.

They are the only professional Argentine Tango Teachers in Dorset to have set up a dedicated Argentine Tango Salon & School which is also in fact fairly unique in the UK!
